

# Timothée Couble

## Software Developer

### Ready to study abroad

I'm looking for an English speaking University where I will enlarge my knowledge in Computer Sciences.

I am deeply interested in Artificial Intelligence and Machine Learning, but also in Natural Language Processing, Mobile development and UI design.

### Experience

#### 2018-02 - Epitech / Lyon, France

*Educational Assistant*

Part time job to support first year students in their scholarship : project assistance, technical advisory, ...

#### 2017-07 - SmartShoot / San Francisco, CA, USA

*Software Developer Junior*

Second year internship in a start-up, during which I did **Python3 Web Development** with Pyramid and Vue.js.

SmartShoot is a worldwide leader in photograph services. Their marketplace provides big companies (YouTube, Uber, ...) with a large network of professional photographers.

This experience allowed me to learn to work in a team using **Agile development** methods and to use the tools that support them. I have learned unitary and functional testing techniques as well as delivery processes in a professional environment.

#### 2016-07 - Valraiso / Lyon, France

*Technical assistant*

One month summer job, during which I **migrated Web sites and databases** to Google Cloud Compute servers.

### Education

#### 2016-09 - Present - Epitech, 5 year Master of Computer Sciences, Lyon

#### 2016-07 - Lycée St Marc, French Baccalauréat, Major in sciences, Lyon

### Hobbies

Acting in a school theater troupe for 7 years

Skiing, telemarking, biking and climbing

Helping my parents in hosting international students
